

Harry Otieno Mokaya

Software Engineer

otienoharry876@gmail.com | +254 112601334 | Nairobi, Kenya | harrymokaya.netlify.app

PROFESSIONAL SUMMARY

A driven Software Engineering student with hands-on experience in software development, machine learning, Android development, and web technologies. Passionate about building innovative, real-world solutions that create meaningful community impact. Strong problem solving skills, a collaborative mindset, and a commitment to continuous learning and technical excellence.

ACADEMIC HISTORY

Cybersecurity Fundamentals (Online Certification), Cisco Networking Academy

12/2025 – Present

- Introduction to cybersecurity principles, threats, and vulnerabilities.
- Network security fundamentals and best practices
- Understanding of ethical and responsible security practices.

Bsc. Software Engineering,

United States International University

05/2023 – Present

- Core areas: Software Development, Data Structures, Databases, Web & Mobile Application Development.
- Practical experience through academic and project-based learning.

Web & Mobile Development Certificate,

Ubunifu College

2023 | Nairobi

Gained hands-on experience in HTML, CSS, JavaScript, responsive web design, and application development through project-based learning.

Soft Skills for Career Success (video course),

BrighterMonday Kenya

2025 | Nairobi

- Unlocking your potential with personal effectiveness
- Think critically and creatively
- Build emotional intelligence
- Communicate clearly and confidently
- Lead with purpose and adaptability

WORK EXPERIENCE

Data & Administrative Support,

SPSS Training, Mentorship & Coaching for Thesis and Project

2025 | Nairobi

- Designed and implemented a structured Microsoft Excel data management system to store and organize student records accurately and efficiently.
- Assisted in setting up email communication workflows for sending messages and updates to students using stored data.
- Created professional visual posters to support organizational communication and outreach initiatives.
- Improved record-keeping efficiency and data accessibility, supporting smoother administrative operations.
- Collaborated with organizational staff to understand requirements and deliver practical, easy-to-use solutions within a short timeframe.

TECHNICAL SKILLS

Programming & Development

Java, JavaScript, Python, HTML5, CSS3, SQL

Mobile & Application Development

Android Studio, Java

Machine Learning & Data

Data Preprocessing, Data Cleaning, Supervised Learning, Classification, Model Training & Evaluation, Predictive Analytics, Data Visualization & Basic Machine Learning Algorithms

Databases & Data Management

MongoDB, MySQL, Supabase (PostgreSQL), Firebase Authentication, Firebase Hosting, Supabase Storage

Tools & Platforms

Git, GitHub, VS Code, IntelliJ IDEA, Postman, Figma

Web & Software Development:

React, Node.js, Express.js, REST APIs, Responsive Web Design

SOFT SKILLS

- Problem-Solving & Analytical Thinking
- Team Collaboration & Communication
- Time Management & Meeting Deadlines
- Adaptability & Willingness to Learn
- Creativity & Innovation
- Ability to Translate Requirements into Technical Solutions

LANGUAGES

- English (Fluent)
- Kiswahili (Native)
- Spanish (Basic)

PROJECTS

Innovation Support Web Platform *🔗 , InnovateHub*

2025

An interactive platform dedicated to showcasing young innovators. Features a responsive UI built with React to track the ideation and development process of creative projects.

Emergency Response ML *🔗 , Machine learning model*

2025

A machine learning solution utilizing TensorFlow to analyze live road camera footage. It detects accidents and traffic congestion in real-time, presented via a Streamlit dashboard.

AWARDS AND CERTIFICATION

Young Scientists of Kenya - National Competition (Robotics) - 5th Place, *Brookshine Schools*

VOLUNTEERING

Bishop Opera Luigi Locati Children's Home, Zimmerman,
Community Service Volunteer

2025 – 2025
